

For family fun since 1961!

MEETINGS & SEMINARS

Your meeting area will always await you completely pre-set to your specific needs & preference.

Class Room Format
Lecture Format

Board Room Format
Horseshoe Format

We can normally set up any breakfast, luncheon, dinner, or break time food and beverage requirements in areas that are in close proximity to, but separate from, your meeting area. When you do take a break, no disruption of your work area would be required. Leave everything right where it is, move to a different area, eat, drink, and return to your meeting ready to start up again with nominal loss of productive time.

Our 52" big screen TV & VCR presentation system, microphone, and sound system, podium and easel are all available to reserve, for a nominal charge, for use in conjunction with your meetings held at The Village Bowl. Free wireless internet throughout the building.

Special non-alcoholic beverage setups are available for the duration of your meeting that can include unlimited coffee, canned soda, and ice water.

One of the most pleasant surprises you will experience from having a meeting at the Village Bowl will come from the great taste, wide variety of choices, and high quality standards of the food prepared by our Bugline Sports Bar & Grill culinary team.
